## International Day of Peace (IDP)2020

**Suggested Activities to commemorate International Day of Peace (IDP) from 01-30 September 2020.**

### 1. IDP 2020 Theme: Shaping Peace Together

This year, it has been clearer than ever that we are not each other's enemies. Rather, our common enemy is a tireless virus that threatens our health, security and very way of life. COVID-19 has thrown our world into turmoil and forcibly reminded us that what happens in one part of the planet can impact people everywhere.

As we struggle to defeat COVID-19, your voice is more important than ever. In these difficult times of physical distancing, this International Day of Peace will be dedicated to fostering dialogue and collecting ideas. The world will be invited to unite and share thoughts on how to weather this storm, heal our planet and change it for the better. Even though we may not be able to stand next to each other, we can still dream together.

The 2020 theme for the International Day of Peace is **"Shaping Peace Together."** Celebrate the day by spreading compassion, kindness and hope in the face of the pandemic. Stand together with the UN against attempts to use the virus to promote discrimination or hatred. Join us so that we can shape peace together.

## 7. IDP Activity Ideas

There is a vast selection of activity ideas for International Day of Peace which can be chosen and applied addressing the 2020 theme for the International Day of Peace, "*Shaping Peace Together*".

This is a way of celebrating the day by spreading compassion, kindness and hope in the face of the pandemic. We stand together with the UN against attempts to use the virus to discriminate or hate. As the pandemic situation in each state/area is different, activities can be chosen to adapt locally.

Activities can be done either virtually or physically or mixed method, based on local situation keeping the safety and security as the top priorities. It is advisable to start promoting the activities early to trigger the participants' interests.
