## भारत स्काउट्स एवं गाइड्स

Amit Shah  
@AmitShah

मोदी जी के नेतृत्व में देश कोरोना से पूरी सतर्कता और सहभागिता के साथ लड़ा है। कई स्वयंसेवी संस्थाएं बहुत उत्कृष्ट कार्य कर रही हैं। इस क्रम में सरकार ने Scout guide, NCC, NSS व अन्य स्वयंसेवी संस्थाओं को इस महामारी में स्वास्थ्य सेवाओं में वालंटियर के नाते जोड़ने का निर्णय लिया है।

Translated from Hindi by Google

Under Modi's leadership, the country has fought the Corona with full vigilance and participation. Many voluntary organizations are doing very excellent work. In this sequence, the government has decided to add Scout guide, NCC, NSS and other NGOs as volunteers in health services in this epidemic.

Prof. Jagdish Mukhi  
Yesterday at 7:25 PM

A meeting was organised at Raj Bhawan with the Chief Secretary, Director General of Police, officials of Health and Family Welfare, Food and Civil Supplies, Disaster Management, Transport departments and Indian Red Cross Society, Bharat Scouts and Guides to investigate the prevailing situation on the pandemic COVID-19 in the state.

Considering the status of the pandemic in other advanced countries and the rapid rise in the number of infected persons with every passing day, the situation in India presumably is very controlled. However, complete lock down for 21 days to keep the people of the country in doors, away from social gathering is essential to prevent and control the outbreak of the virus.

Migratory population is a major threat and I will take up the matter with the Chief Ministers of the respective states and the Home Department to deal with it.

*"I pray that every home in india may have children trained like Scouts & Guides"*

## President's Message संदेश

Our ancient health care system basically depended on two aspects first personal hygiene and yogic practices, second diet. Depending on the habitations customs demanded each individual to undertake mandatory yoga practices combining Pranayam and Asanas. Our festivals were designed to accommodate changes of seasons and use of delicacies combined with medicinal herbs, seasonal fruits, nuts etc. that helped us to combat diseases.

Due to industrialization, people living in their villages migrated to cities in large numbers. This resulted in unhygienic living conditions and under nourishment in food which opened doors for various diseases.

By the untiring efforts of our Hon'ble Prime Minister, Yoga has now gained worldwide acceptance and the International Day of Yoga which was first celebrated on 21st June, 2015 has become a people's movement for yoga practices as part of daily life across the globe.

As members of the Bharat Scouts and Guides we contributed extensively during the last five years to train Yoga practitioners, trainers etc., and our youth participated in yoga festivals all over the country.

The COVID-19 prevention and awareness activities by our members has been recognised by Govt. of India and all the state governments. Hon'ble Minister for Home Affairs Shri Amit Shah and Hon'ble Minister for Youth Affairs and Sports Shri Kiren Rijiju mentioned our efforts in their tweets. This not only appreciated our efforts but motivate us to continue our services to Mother India in days to come.

Let us all practice Yoga in our daily life to keep fit.  
With Scout/Guide Greetings.

हमारी प्राचीन स्वास्थ्य देखभाल प्रणाली मूल रूप से दो पहलुओं पर निर्भर करती थी। पहली व्यक्तिगत स्वच्छता और योगाभ्यास, दूसरा आहार। रहन सहन प्रथा ने प्रत्येक व्यक्ति को प्राणायाम और आसन के संयोजन के लिए अनिवार्य योगाभ्यास करने की मॉग की। हमारे त्योहारों को औषधीय जड़ी-बूटियों, मौसमी फलों आदि के साथ मौसम के बदलाव के अनुसार व्यंजनों के उपयोग हेतु समायोजित कर बनाया गया था जिससे हमें बीमारियों का मुकाबला करने में मदद मिली।

औद्योगिकीकरण के कारण गाँवों में रहने वाले लोग बड़ी संख्या में शहरों की ओर पलायन कर गए। इसके परिणामस्वरूप अस्वच्छता से रहने की स्थिति और पौष्टिक भोजन के अभाव के कारण विभिन्न रोगों के लिए दरवाजे खुल गये।

हमारे माननीय प्रधानमंत्री जी के अथक प्रयासों से योग को अब दुनियाँ भर में स्वीकृति मिल गई है और अन्तर्राष्ट्रीय योग दिवस जिसे प्रथम बार 21 जून 2015 को मनाया गया था के फलस्वरूप योगाभ्यास दुनियाँ भर में लोगों के दैनिक जीवन का हिस्सा बन गया।

भारत स्काउट्स एवं गाइड्स के सदस्यों के रूप में हमने पिछले पाँच वर्षों के दौरान योग चिकित्सकों, प्रशिक्षकों आदि को प्रशिक्षित करने हेतु बड़े पैमाने पर योगदान दिया, और हमारे युवाओं ने पूरे देश में योग समारोहों में भाग लिया।

हमारे सदस्यों द्वारा कोविड-19 की रोकथाम और जागरूकता गतिविधियों को भारत सरकार एवं राज्य सरकारों द्वारा मान्यता दी गई। माननीय गृहमंत्री श्री अमित शाह और माननीय युवा मामले एवं खेलमंत्री श्री किरें रिजिजू ने अपन ट्वीट में हमारे प्रयासों का उल्लेख किया। इसने न केवल हमारे प्रयासों की सराहना की बल्कि हमें आने वाले दिनों में भारत माता के प्रति अपनी सेवाओं को जारी रखने हेतु प्रेरित किया।

हम सभी स्वस्थ रहने हेतु अपने दैनिक जीवन में योग का अभ्यास करें।

स्काउट/गाइड शुभकामनाओं सहित।

## Personally Speaking अपनी बात

The year 2020, has brought with it the so-called “Global Pandemic: COVID-19”, which has created an emergency crisis worldwide. As the history has it, that such kind of global pandemics are bound to occur once in a century. But the eager and quick response of our Government to announce a nationwide lockdown has given us much needed initial protection and time to think about our next responsive steps to cope with this situation at hand. We are struggling to comprehend the new world we find ourselves in, but nonetheless this cannot stop a responsible scout from delivering his/her duties. We, Bharat scouts and guides as a determined team and dutiful citizens have our part of responsibilities and obligations to perform and contribute in this global health crisis, by following the safety guidelines issued by the health ministry. This reminds me about the words of Lord Baden Powell “Be the reason someone believes in the goodness of people”.

Since, with the outbreak of this pandemic all the camps and events scheduled to be held in the months of April and May stood postponed till further notice. Still Bharat Scouts and Guides organized the project “SANKALP” which is an online scout guide mela of BSG. This is a compilation of activities for young people viz. scouts, guides, rovers, rangers and unit leaders, who engaged themselves at home during the challenging time of COVID-19. Both educational and fun, SANKALP brought scouting and guiding to homes of young people across the country.

In lieu of The World Environment Day, on June 5, scouts and guides in all the states were engaged in plantation of different plants and sapplings to promote this year’s theme of ‘Time for Nature’, to spread the awareness and message concerning the protection of our world against the threats posed by the climate change.

वर्ष 2020, अपने साथ तथाकथित “वैश्विक महामारी: कोविड-19” लेकर आया है, जिसने दुनियाँ भर में एक आपातकालीन संकट पैदा कर दिया है। इतिहास साक्षी है, कि इस तरह की वैश्विक महामारियाँ सदी में एक बार अवश्य ही आती हैं। लेकिन देशव्यापी तालाबंदी की घोषणा करने के लिए हमारी सरकार की उत्सुक और त्वरित प्रतिक्रिया ने हमें इस स्थिति से निपटने हेतु अपने उत्तरदायी कदमों के बारे में सोचने के लिए आवश्यक प्रारम्भिक सुरक्षा और समय दिया। हम नई दुनियाँ में संघर्षों का सामना कर रहे हैं लेकिन फिर भी यह एक जिम्मेदार स्काउट/गाइड को उसके कर्तव्यों को निर्वाह करने से नहीं रोक सकते हैं। भारत स्काउट्स एवं गाइड्स ने एक दृढ़संकल्पी टीम एवं कर्तव्यनिष्ठ नागरिकों के रूप में स्वास्थ्य मंत्रालय द्वारा जारी सुरक्षा निर्देशों का पालन करते हुए इस वैश्विक स्वास्थ्य संकट में योगदान करना हमारी जिम्मेदारियों एवं दायित्वों का हिस्सा है। यह मुझे लार्ड बेडेन पॉवेल के उन शब्दों के बारे में याद दिलाता है कि “लोगों की भलाई करने के विश्वास का कारण बनो”।

चूँकि इस महामारी के प्रकोप के कारण, अप्रैल और मई के महीनों में होने वाले सभी कार्यक्रमों को आगामी सूचना तक स्थगित कर दिया गया था। फिर भी भारत स्काउट्स एवं गाइड्स ने परियोजना “संकल्प” का आयोजन किया, जो कि भारत स्काउट्स एवं गाइड्स का ऑनलाइन स्काउट गाइड मेला है। यह युवा लोगों जैसे कि स्काउट्स, गाइड्स, रोवर्स, रेंजर्स एवं यूनिट लीडर्स के लिये गतिविधियों का एक संकलन है जिन्होंने कोविड-19 के चुनौतीपूर्ण समय के दौरान स्वयं को घर पर व्यस्त रखा। संकल्प शैक्षिक एवं आनन्ददायक दोनों प्रकार से देश भर के युवाओं के घरों में स्काउटिंग और गाइडिंग लेकर आया।

विश्व पर्यावरण दिवस के उपलक्ष्य में, 5 जून को सभी राज्यों में स्काउट्स एवं गाइड्स ने वृक्षारोपण किया ताकि जलवायु परिवर्तन से उत्पन्न खतरों के बारे में जागरूकता और संदेश का प्रचार कर इस वर्ष की थीम “प्रकृति के लिये समय” को बढ़ावा दिया जा सके।

Physical health is also, as important as our environmental health. For this, several yoga camps were held at various places across the country on the occasion of 'International Yoga Day' on 21 June. It entailed in it the significance of mental, physical and spiritual health essential for the well being of one and of all.

After getting a huge success for project "SANKAKP" the Bharat Scouts and Guides has introduced "UDAAN-WINGS OF HOPE", special online Scouting Guiding activities for scouts, guides, rovers, rangers and unit leaders. Through this project we engaged our youth at home during this challenging time and inspire them to spend quality time with their family. One can learn and participate in various challenges and enjoy the activities through a set of 17 different challenges like Master Chef, I am U-Reporter, Tide Turner Plastic Challenge, Government Initiatives, Mask Making, Best of Waste, Ambassador of Scouting/Guiding etc. The participants who will complete minimum 10 challenges or more will get a beautiful online certificate. The 6 best participants will be awarded special awards on the basis of the completion of maximum number of challenges and reporting.

I would like to take an opportunity here, to pray to the almighty to bestow strength and good health to all our members of the world family to fight with this extremely challenging time and come out hale and hearty. Through this medium, I would request everyone to do their part by simply following the rules and regulations for their safety and create awareness for the safety of others as well.

Stay Home, stay safe.

CHIEF NATIONAL COMMISSIONER

शारीरिक स्वास्थ्य भी उतना ही महत्वपूर्ण है, जितना की पर्यावरणीय स्वास्थ्य। इसके लिए 21 जून को 'अन्तर्राष्ट्रीय योग दिवस' के अवसर पर देश भर में विभिन्न स्थानों पर कई योग शिविर आयोजित किये गये। इसमें सभी के कल्याण के लिये आवश्यक मानसिक, शारीरिक एवं अध्यात्मिक स्वास्थ्य का महत्व निहित है।

परियोजना "संकल्प" को अपार सफलता मिलने के पश्चात भारत स्काउट्स एवं गाइड्स ने स्काउट्स, गाइड्स, रोवर्स, रेंजर्स एवं यूनिट लीडर्स के लिये विशेष ऑनलाइन गतिविधियाँ "उड़ान-आशा के पंख" का शुभारम्भ किया। इस परियोजना के माध्यम से हम इस चुनौतीपूर्ण समय के दौरान अपने युवाओं को घर पर व्यस्त रखते हुए उन्हें अपने परिवार के साथ गुणवत्तापूर्ण समय व्यतीत करने हेतु प्रेरित कर सकते हैं। कोई भी मास्टर शेफ, आई एम यू -रिपोर्टर, टाइड टर्नर प्लास्टिक चैलेंज, सरकारी पहलों, मास्क मेंकिंग, बेस्ट ऑफ वेस्ट, एंबेसडर ऑफ स्काउटिंग गाइडिंग जैसी 17 विभिन्न चुनौतियों के सैट के माध्यम से सीखकर विभिन्न चुनौतियों में भाग ले सकता है। जो प्रतिभागी न्यूनतम 10 या अधिक चुनौतियों को पूरा करेंगे उन्हें एक सुन्दर ऑनलाइन प्रमाण-पत्र प्राप्त होगा। 6 सर्वश्रेष्ठ प्रतिभागियों को अधिकतम चुनौतियों को पूरा करने एवं उनके द्वारा प्रस्तुत प्रतिवेदन के आधार पर विशेष पुरस्कार से सम्मानित किया जायेगा।

मैं इस बेहद चुनौतीपूर्ण समय से लड़ने हेतु विश्व स्काउट/गाइड परिवार के हमारे सभी सदस्यों को शक्ति एवं अच्छा स्वास्थ्य प्रदान करने हेतु ईश्वर से प्रार्थना करता हूँ। इस माध्यम से मैं सभी से अनुरोध करूँगा कि वे अपनी सुरक्षा हेतु नियमों और विनियमों का पालन करते हुए अपना कार्य करें तथा दूसरों की सुरक्षा हेतु भी जागरूकता पैदा करें।

घर पर रहें, सुरक्षित रहें।

## From Editor's Desk सम्पादक की कलम से

Since last few months, the whole world is fighting with COVID-19 pandemic which caused loss of lakhs of lives. The condition of the same is also very critical in our country as no. of corona positive cases are increasing day by day. The Government of India and the state governments are taking appropriate initiatives to deal with the situation.

I am happy to learn that all over India, the Scouts, Guides, Rovers, Rangers and Unit Leaders are serving the community by providing masks, food, ration, awareness on social distancing etc. They also provided their services at Shelter Homes where the migrant labours are kept by the governments. Our Covid-19 service project with Delhi police also came to an end on 31st May for which APR also appreciated and supported.

There is no doubt that the members of the Bharat Scouts and Guides has done commendable service in the community and helped local/district and state administration to fight with COVID-19 pandemic throughout the country.

The services by the members of the Bharat Scouts and Guides are recognised by the Govt. of India. Hon'ble Minister for Home Affairs Shri Amit Shah and Hon'ble Minister for Youth Affairs & Sports Shri Kiren Rijiju also praised the services of Scouts & Guides in their tweets which motivate us to continue our service to the mankind.

Cyclone Amphan hit the coastal areas of West Bengal and Odisha which caused damage of property and lives. The Rovers, Rangers and Unit Leaders rendered their services in relief work in these states. Again Asia Pacific Region supported the Bharat Scouts and Guides.

पिछले कुछ महीनों से सम्पूर्ण विश्व कोविड-19 महामारी से लड़ रहा है जिसमें लाखों लोगों की जान चली गई। हमारे देश में भी हालात बहुत गंभीर हैं क्योंकि कोरोना पॉजिटिव मामलों की संख्या दिन प्रतिदिन बढ़ती जा रही है। भारत सरकार और राज्य सरकारें स्थिति से निपटने के लिए उचित कदम उठा रही है।

मुझे यह जानकर खुशी हुई कि पूरे भारत में स्काउट्स, गाइड्स, रोवर्स, रेंजर्स एवं यूनिट लीडर्स मास्क, भोजन एवं राशन सामग्री प्रदान करते हुए सामाजिक दूरी बनाने हेतु जागरूकता पैदा कर समुदाय की सेवा कर रहे हैं। उन्होंने शेल्टर होम्स में भी अपनी सेवायें प्रदान की जहाँ सरकारों द्वारा प्रवासी मजदूरों को रखा गया था। दिल्ली पुलिस के साथ हमारी कोविड-19 सेवा परियोजना 31 मई को समाप्त हो गई जिसकी एशिया प्रशान्त क्षेत्र ने सराहना की एवं अपना समर्थन दिया।

इसमें कोई संदेह नहीं है कि भारत स्काउट्स एवं गाइड्स के सदस्यों ने समुदाय में सराहनीय सेवा की है एवं पूरे देश में कोविड-19 महामारी से लड़ने में स्थानीय/जिला और राज्य प्रशासन की मदद की है।

भारत स्काउट्स एवं गाइड्स के सदस्यों द्वारा की गई सेवाओं को भारत सरकार द्वारा मान्यता प्रदान की गई। माननीय ग्रहमंत्री श्री अमित शाह और युवा मामले एवं खेल मंत्री श्री किरन रिजिजू ने अपने ट्वीट में स्काउट्स एवं गाइड्स की सेवाओं की प्रशंसा की, जो हमें मानव जाति के लिए हमारी सेवाओं को जारी रखने हेतु प्रेरित करती है।

अम्फान चक्रवात ने पश्चिम बंगाल एवं ओडिशा के तटीय क्षेत्रों को प्रभावित किया, जिसमें जान माल का नुकसान हुआ। रोवर्स, रेंजर्स एवं यूनिट लीडर्स ने इन राज्यों में राहत कार्यों में अपनी सेवायें प्रदान की। एशिया प्रशान्त क्षेत्र द्वारा पुनः भारत स्काउट्स एवं गाइड्स का समर्थन किया गया।

Every year on 21st June, we observe 'International Day of Yoga'. Yoga is the prime need of the hours and anybody can keep the body fit by regular yogic exercise. For the precautionary measures, yoga is one of the best way of life to keep safe and healthy under this pandemic situation. Let's all of us promote yoga. Our thanks to all for celebrating International Day of Yoga on 21st June.

I congratulate to all the members of the Bharat Scouts and Guides who are serving the people of the nation in the period of COVID and gaining name and fame to our movement and at the same time, I pray God to keep all of us and our covid worriers safe and healthy to serve the nation in more better ways.

## World's Largest Lesson Live

It had been two weeks, practicing and preparing for the World's Largest Lesson Live. It was a talk with Dr. Maria Kerkhove (American infectious disease epidemiologist working at WHO, World Health Organisation)

There were great efforts behind the filming. Technical experts had to check my background, video quality, voice quality and accent to ensure that there is no disturbance while recording the session. Other experts helped me to prepare myself for the live. We even had a trial to ensure that everything goes smooth without any problem.

My talk with Dr. Maria Kerkhove was totally about Health, Pandemic of Covid-19. It was a great and exciting opportunity to represent Scouts and India there in the World's Largest Lesson Live.

I had got a golden opportunity to ask a question to American infectious disease epidemiologist Dr Maria Kerkhove.

The video was released live on 16th June 2020, at 8:30 P.M. (Indian standard time).

My question to Dr Maria Kerkhove was **'what have been the young people doing to stop this pandemic? Is anything else for them to do, to stop this pandemic?'**

It was really amazing to hear the answer from Dr Maria Kerkhove. She explained it affectively, how youngsters are trying their level best to prevent this Covid-19 pandemic.

Later, the host Savannah Sellers from NBC News asked a question to both of us. The question was **'how would you reimagine the future of Health?'** and my answer to this question was **'future health would be totally focused upon the patient. Future Health Care Centres would probably focus more on prevention of various diseases rather than its treatment as prevention is always better than cure!! Healthcare system will be organised and regulated in an entire new way that is through various mobile apps like self assessing ourselves. Even there will be various digital solutions or prevention methods for all the diseases. Totally the future health would be depended upon the digital system through artificial intelligence, robotics and internet. Worldwide Healthcare facilities would be developed in the days to come and we will surely succeed in preventing the diseases and even in the treatment of the diseases.'**

This was my answer to the question asked by the host Savannah Seller.

The host and the doctor appreciated me for my answer, they even encouraged the young people.

Totally it was an amazing experience. It was very exciting to be a part of World's Largest Lesson Live.

Really scouting keeps us happy and active!

Scouting is interesting!

Be prepared truly means it!

## Trainer's Corner

### DIGITAL TOOLS FOR SCOUT/GUIDE ACTIVITIES

Having the privilege of being an adult leader of training, it is part of our routine to stay connected with other adult leaders and trainers. Due to this pandemic, scouting events have to be stopped for a long period, strictly following `Stay home, Stay safe`. The courses for adult leaders could not be conducted in our training Centers due to COVID-19. Home quarantine and social distancing have become unavoidable for our safety and for the safety of the society. As members of the movement, we used to spend much of our time outdoor with scouts; we continuously make friends with other scouts/guides around the world and we were never confined in one place which is unusual.

As leaders, it is very important that we should stay connected with other trainers, unit leaders and our very important scouts and guides. This is the time that the unit leaders need our support. The present day's Technology has come to our rescue to continue scouting/guiding activities at all levels through online. Of course learning new things is a part of scouting/guiding. Furthermore, exposure to new learning experiences not only keep us engaged but also help in self-improvement. We find joy when we get socially connected online with each other in the movement so that all of us remain active and mentally healthy.

With this background, we can make use of digital tools that are easily available to connect with others for different purposes.

- Live Streaming Events
- Visual meetings
- Interactive feedback and game tools.

For Live streaming Events, Youtube, Facebook or Instagram are suggestible. But Youtube is more accessible to the viewers than Facebook and Instagram.

We can conduct Patrol Leaders` meeting using Zoom or Go To Meeting. Members of the Patrol or Patrol Leaders of a troop can form WhatsApp or Telegram group and the Unit leader can access the group through Zoom or Go To Meeting. Similarly, the trainers with the trainees can form groups by using the above applications and can access through Zoom or Go To Meeting. Practical subjects like Knots, lashings or bandages can be demonstrated. The admin has to inform the participants to be ready in the meeting with the concerned material like knotting rope or triangular bandage. Lively discussions on proficiency badge skills being acquired by the scouts can be monitored by asking them to show on the screen. Similarly we can cover some of the topics, may be at basic, advanced or Wood badge level also. These efforts help us to keep our members to be engaged and when the normalcy is restored, it will be easy for them to follow in regular training. If the Leaders are creative, we can create projects in

similar line of UDAAN or SANKALP and encourage the children to participate in good number.

For Interactive feedback and game tools, we can use Kahoot. The leaders can engage the scouts with quiz-based games (kahoots). Kahoot! brings the magic of learning for children as well as adults. Quiz can be conducted lively using this App either for scouts and guides or for adult leaders. For Scouts and guides, Quiz may be conducted on Pratham Sopan topics etc or Quiz at Rajyapuraskar level or at Golden Arrow level. We can plan for oral quiz, visual quiz, audio quiz or quiz on scout/guide literature. The Unit leaders may be asked to study a particular book or part of it on Scouting/Guiding and quiz will be conducted basing on that book. This activity is the best one to motivate our adult leaders to complete the reading of Scout/Guide literature.

As we are experienced in organizing events, forming social platforms through electronic media will not be difficult to motivate our scouts and guides to be creative in using latest technology.

## 3 R Generation- Refuse, Reduce and Recycle

World Environment Day (WED) is celebrated every year on 5 June. It is the 'United Nations' prime vehicle for encouraging awareness and action to protect our environment. World Environment Day has become a global platform for public outreach, with more than 143 countries participating annually. First organized in 1974, it has been a major campaign for environmental issues ranging from marine pollution, human overgrowth, and raising awareness about global warming, sustainable consumption, and wildlife crime.

World Environment Day can be celebrated in many ways; activities such as campaign clarification, sensitizing the locals about the growing environmental conditions and suggesting ways to prevent them, organizing plays, quizzes, tree plantations, lectures and poster competition, etc. are quite popular.

### Importance of World Environment Day:

We belong to the environment around us, it is very important for everyone's life because life is possible because of the environment. All human beings, animals, natural flora, fauna, weather, climate are all contained under the environment. Our environment not only works to maintain balance in the climate but also provides all the things necessary for life. Today, science has promoted technology and there has been a lot of development in the world, on the other hand, they are also responsible for the increasing environmental pollution. Modernization, industrialization and the use of growing technology has adversely affected the environment.

Man is harvesting trees and playing with natural resources due to his selfishness, due to which the environment is being severely damaged. Due to some man-made reasons, the atmosphere, hydrosphere etc. are being affected, the temperature of the earth is increasing and the problem of global warming is arising, which is quite dangerous for human health. Therefore, understanding the importance of the environment, all of us should cooperate in saving our environment.

### Ways of Saving Environment

First of all, planting trees should be given massive attention. Above all, a tree is the source of oxygen. Unfortunately, due to construction, many trees have been cut down. This certainly reduces the amount of oxygen in the environment. Growing more trees means more oxygen. Hence, growing more trees would mean better life quality.

Similarly, we must give attention to forest conservation. Forests are vital for the Environment. However, deforestation certainly reduces the area of forests around the World. The government has launched programs to conserve the forests and environment. It is our duty as citizens to implement the programs.

Soil conservation is yet another important way to save the Environment. For this, there must be control of landslides, floods, and soil erosion. Furthermore, there should also be afforestation and tree plantation to conserve the soil. Terrace farming and using natural fertilizers are few of the ways of Soil conservation.

Waste management is a powerful way of protecting the environment. There must be proper disposal of waste. Most noteworthy, this would help to keep the surroundings healthy. We must ensure keep our e streets clean and other polluted land areas. Furthermore, there should be toilets in every house.

Pollution is probably the biggest danger to the Environment. Smoke, dust, and harmful gases cause air pollution.

These causes of air pollution come from industries and vehicles mostly. Furthermore, Chemicals and pesticides cause land and water pollution.

#### Benefits of Saving Environment

First of all, the world climate will remain normal. Harming the Environment and causing pollution have caused global warming. Due to this many humans and animals have died. Hence, saving the environment would reduce global warming.

The health of people would improve. Due to pollution and deforestation, the health of many people is deteriorating. Conserving the Environment would certainly improve the health of people. Most noteworthy, saving Environment would reduce many diseases.

Saving Environment would certainly protect the animals. Extinction of many species will not take place due to saving Environment. Many endangered species would also increase in population.

The water level would rise. Damage to Environment has severely reduced the level of groundwater. Furthermore, there is a scarcity of clean drinking water around the World. Due to this, many people fall ill and die. Saving Environment would certainly avoid such problems.

In conclusion, Environment is a precious gift on this planet. Our Environment is facing a big danger. Saving Environment is the need of the hour. Probably, it is the biggest concern of Humanity right now.

As Scouts and guides lets us be a part of the **3R generation.... Let us Refuse, Reduce and Recycle.**

**Refuse** to take new things, like new plastic bag etc. the more we use new items the more its demand and more industries for it....

**Reduce** the consumption of items that you need... only take that is needed. excess of food, clothes etc will create a demand and then in turn increase the carbon prints on earth.

**Recycle** the items we are scouts and guides and we have learnt handicraft, we can always find some thing good and worthwhile in everyone and everything.

**Join Hand to be a part of 3R generation and help save Mother Earth.**
